MARKETING SERVICES

A REALTORS AND LENDERS #1 RESOURCE - NATIONWIDE

PRINTING SERVICES

Through our relationships with printing vendors, we receive substantial discounts that we, in turn, pass on to you. Whether you need business cards, postcards, hand outs, or letterhead, we can print it all.

How we work: To ensure we can provide you with our most thorough and competitive quote, your customer care representative will be asking for information and gathering samples from past mailings. Once we have everything we need, we will give you a no obligation quote.

CO-OP MARKETING

To help offset some of the costs associated with your marketing campaign, Devon Title is willing to discuss co-operative advertising. If you would like to consider this option, please discuss with your Devon Title representative.

MAIL MERGING

Do you already have a list of people who will receive—or who have received—your mailings? Just send us your list and we can either have labels created or we can print the information directly onto your mailer.

BULK MAIL PERMIT

To receive a discount on bulk mailings, you must have a permit through the USPS. If you don't have one, you can use ours. Using this permit will save you \$.18 per piece (First Class mailing is \$.46 and Bulk Mail is \$.28). A minimum of 200 pieces is needed for this service.

DESIGN SERVICES

Do you have a great idea for your next mailer but would like some design help? We can do that. Our marketing partner help your ideas come to life.

LEAD SERVICES

We currently use Bresser's, DataMyx as well as the USPS Every Door Direct system to help get your message into the right hands.

MAILING SERVICE

USPS Every Door Direct as well as Bulk mailing. This service includes the sorting, packaging and delivering your piece to the post office for mailing.

You can choose a full marketing campaign with all of the above included, or pick and choose which services you need. Talk to your representative today for more information.
